

Product Description 3JG Samsung Galaxy Tab Active 3 T575 Enterprise Edition (64 GB Outdoor LTE 8") b

Perfect tablet for tough working conditions

For use on construction sites or factory floors, you need tablets that are particularly suitable for this. This is where the Samsung Galaxy Tab Active 3 comes in very handy. It complies with MIL-STD 810G and is dust- and waterproof according to IP68 certification. The tablet can be operated with gloves. Depending on the material and thickness of the gloves, you have to adjust the touch sensitivity in the settings. Alternatively, you can of course use the S Pen to operate the device. Furthermore, the tablet has a good front and rear camera, so you can take high-quality pictures on the go. The camera can also be used to scan barcodes or digitize ID cards.

8 inch (20.31 cm) display diagonal

1920 x 1200 display resolution
