

Product description PTV Truck Navigator

Truck navigation from logistics specialist PTV is the professional solution for truck fleets.

It knows the relevant route restrictions and finds the best truck routes - even under difficult traffic conditions.

PRODUCT HIGHLIGHTS

- + routes suitable for trucks, Europe-wide, for international drivers
- + Latest real time traffic information (TomTom HD Traffic) for ideal route & time
- + Find over 20,000 truck parking spaces with the Truck Parking Assistant
- + Routes with economic toll avoidance
- + Calculate alternative routes
- + Save and manage multi-station routes

IDEAL FOR FLEETS

- + Easy installation and administration
- + Intent interface for easy transmission of targets
- + Comprehensive "PTV Remote Interface" for connection to the telematics and fleet management systems of numerous manufacturers
- + Guided navigation for transmission of precalculated routes
- + Sending of tours also directly from Map&Guide or Smartour

CONSIDERATION OF TRUCK RESTRICTIONS IN NAVIGATION:

- + Physical restrictions (height, width, length, weight, axle load)
- + Legal requirements (truck blockage, only residents free, trailers prohibited)
- + Dangerous goods restrictions (general, water hazardous, explosive)
- + Dangerous goods tunnel avoidance according to tunnel classes A-E
- + Warning of danger points (inclines, gradients, sharp bends, overhanging trees, unevenness)

TRUCK ROUTE PLANNING/NAVIGATION:

- + Leads on effective routes - if necessary also into restricted areas
- + Avoidance of residential areas
- + Vehicle type-specific routing (preference for certain road types)
- + Avoidance of toll roads and ferries
- + Avoid turning manoeuvres
- + Europe-wide terminals for truck loading selectable as destinations (POI)

FURTHER FUNCTIONS

- + Onboard maps: no Internet connection required once map data has been downloaded
- + Auto Smartzoom
- + 2D and 3D navigation in direction of travel or north orientation
- + Display of speed limits with tempo warner
- + Navigation instructions also in tunnels
- + Realistic display of motorway signs
- + intersection views
- + Integrated European radar detector
