

Product description SIM

It is a SIM card with a monthly data volume of 300/500/1000 MB (depending on the selected tariff).

The devices have a pooling function (data consumption over all existing SIM cards of a customer).

The SIM card uses national roaming in the following countries and thus always sends in the best available network.

The following EU countries are included:

Austria, Belgium, Bulgaria, Croatia, Cyprus, Czech Republic, Denmark, Estonia, Finland, France, Germany, Gibraltar, Greece, Hungary, Iceland, Ireland, Italy, Latvia, Liechtenstein, Lithuania, Luxembourg, Malta, Norway, Poland, Portugal, Romania, Slovakia, Slovenia, Spain, Sweden, Switzerland, The Netherlands, The United Kingdom

Countries outside the above-mentioned group of countries can be added on request. The use can be made available with further services with costs.
